Meeting begins at 2:00 p.m.

GARY HOLMES LOCAL 933 PRESIDENT

Does anyone remember a song by Jim Croce titled “TOMORROW’S GONNA BE A BRIGHTER DAY”? When I think of how the pandemic has somewhat slowed us down, I think of how your Executive Board has shown its’ leadership by progressing while making adjustments in moving forward. Never losing their vision of where they would like to see this Local Union, the Membership and the Communities around us be in the future while currently looking into next year, 2021.

I would like to thank the carpenters/painters from our Rolls-Royce Unit, Brad Smith and Lee Cline, for helping out here at the Local. They repaired and painted the overhangs and trim on the outside of the Union Hall and repainted the large hall as well. We are trying to get the things that need repaired or maintained on the outside of the building done before cold weather gets here. Two new exterior doors have been ordered to replace the ones that have rusted through and we are currently looking at the material needed for exterior repairs on the shelter house. We still have some Crew Carwash tickets available for \$10 each which will help fund the Shelter Project for our Disaster Relief Program. You may contact Scott Lawson, Financial Secretary-Treasurer to purchase Crew Carwash Tickets. Thank you for your support.

UAW Local 933 Memorial Ride 2020 Fundraiser for the March of Dimes has been cancelled this year due to the pandemic. A special thank you to Robert “BZ” Zellers and Billy Sears for their time and efforts toward this event! On a good note, our Veteran’s Committee Annual Car Show is still being held on September 26, 2020 and all proceeds will go to the Indy Honor Flights. There were over 100 cars registered in this event last year. Please come out and support our Veteran’s Car Show again this year and help make it a huge success.

We now have all four of our buildings rented out. Let’s welcome our newest tenants here at Local 933, The Greater Marion County UAW CAP Council. Their new location is here at 2320 S. Tibbs Ave., Suite B. For those of you who may not know, “CAP” stands for Community Action Program. We now have M.R. Ralph Hearing, Heartland Vision, The Greater Marion County UAW CAP Council and The Indianapolis Intergroup on the premises for your servicing needs.

Our Community Service Committee has done a great job in compiling information on numerous resources for assistance in areas such as utilities, rent, food pantries, child care and medical, just to name a few. Coming soon, this information will be available on the UAW Local 933 website. In the tab section you will see Member Resources. Click on the tab and it will drop down where you will have access to the different topics for assistance which will be broken down by counties with the links and contact information for your area. This is not just for our members but it can also be shared to help anyone that we know who may be in need, such as, a friend, neighbor, a family member or even a stranger. It’s nothing to be ashamed of when assistance is needed. Not everyone is as blessed as we are. I would like to give a special thank you to Alyssa McCammon (one of your Board Members-at-Large and a liaison for the Community Service Committee) for her hard work on this project. Thank you to all of our Committee Members for making a difference. Please check this out when it becomes available and just maybe we can help make a difference in someone’s life.

I hope everyone enjoys Labor Day and the holiday time off which was negotiated in your current Collective Bargaining Agreement (CBA).

In the meantime, we are hoping to be back to our normal schedule of activities, meetings, etc. as soon as we can meet the State and Local Mandates.

Remember: “Every day is a good day, some days are just better than others.”

Stay Safe and Stand Strong in Solidarity,

STANDING TOGETHER

There is much civil unrest in our country. As we make incremental steps toward equality, we are met with ignorance that steps us backward.

What seems so oblivious to those unaffected hits others with brutal reality. Everywhere you look there is different opinions and often used as political platforms. In terms of social injustice, it is just as broad.

As quoted from an article in the Detroit Free Press in February, 2016: “The UAW was formed to fight for, and ensure, workers’ rights. Fairness and justice are the epicenter of our value system and it extends to the community as a whole.” These rights were not given; they were fought for through protest and strikes. Dr. Martin Luther King and Walter Reuther walked hand-in-hand some 57 years ago in an effort to show solidarity for human rights. The UAW was also a major supporter of workers’ rights when Cesar Chavez and Dolores Huerta formed the United Farm Workers Union. This brought better equality to wages, benefits and working standards, nothing of which came without struggle and protest.

The wheel we all wear so proudly represents those struggles. Those struggles, though improved, still exist today. Through better communication, we can recognize each other’s value as equals and begin to move forward. I firmly support the stance the UAW takes on Civil Rights. In order to get this country back on track, we will need integrity, moral courage and personal responsibility. As Union brothers and sisters, we can set the example.

Union Strong,
John Snow

RON LONG RETIREE CHAIRMAN

Summer is in full bloom; it is dry at times and hot more of the time. If it were not for a pandemic, it would be a great summer. Most of us are still quarantined and living a solitary life with a mask around our face most of the time. It is a strange time for sure. I walked into the bank and cashed a check. I had a mask on the whole time, and no one called the police or even

blinked an eye for that matter.

This virus is still winning. We all know someone close to us that has survived the virus and we know someone dear to us that did not survive. The international office remains closed. The regional office remains closed and our hall is on a limited basis. I will not go into numbers and cases and all that stuff because we all follow the news and dread to hear the reports. We have not had a meeting in almost 6 months and truthfully, I doubt we will meet until December or even January.

The truth of the matter is that we seniors are all at high risk and the executive board and I are very reluctant to call a meeting for several reasons. Why risk spreading the virus needlessly? There are several guidelines we would have to follow such as taking temperatures at the door, maintaining 6-foot social distancing, and mandating the wearing of masks. The region has canceled all meetings so there is little, if any information to share. The one thing that is going on is elections. So, let's talk about elections for a bit.

I think we will all agree that our democracy depends on information. Which polices are important, what laws are needed and how is the economy going? There will be a nonstop flow of information from social media feeds and sadly, foreign agents. The TV will bombard us with debates and comments and unlimited ads. I want to share a couple of points to consider avoiding political misinformation.

Dark money is defined as funds raised for the purpose of influencing elections by nonprofit organizations that are not required to disclose the identities of their donors. Emotional versus rational response to dark money ads are meant to trigger fear, outrage, and harbor a lot of misinformation. Try not to react to information from an unknown origin that is not backed up by credible evidence. Do not share or like an article you have not read... do not risk your credibility and risk polluting feeds from family and friends.

Learn to spot misinformation patterns, including memes, which are themes that appear humorous but seem to discourage something such as long lines at the voting site, broken voting machines, voter fraud that casts doubt on mail in voting. It is okay to be skeptical without becoming cynical of the voting process.

Five years ago, there were 44 fact finding organizations and today there are 195 and counting. I use several reliable fact checking organizations; Truth or Fiction, Snopes, Politico and Factstream. I am a progressive Democrat, so these sites work for me. Now, not all of us are leaning to the left so you have several sites to use. I will mention one I check but after that you are on your own. Real Clear Politics and one neutral site is Open Secrets.org.

Keep these tips in mind and get involved. Do not let your values and beliefs get manipulated by false narratives. If you see something online that is false, fake, or misleading, do something. Warn others with a comment or a reply. It may not be the most popular thing to do but democracy requires nothing less.

Before I go, I want to acknowledge our members that are or have gotten over the virus. I want to extend peace and mercy to those that have lost loved ones and I am very thankful that our vice chairman, Don Reed was in the hospital. He is home now and has a very reliable nurse taking caring of him (thanks Suzy).

On behalf of the Executive Board and myself, stay safe and we will get through this pandemic together. WEAR A MASK...

In Solidarity,
Ron Long
Retiree Chapter Chairman, Local 933
