The ROCKET

LOCAL 933 PRESIDENT

Gary Holmes

THANK YOU EVERYONE!

For voting in our General Election. I am grateful, yet humbled, to be serving as your President of UAW local 933 for another 3 years. Congratulations to the winners who will be sworn in at our Regular Membership Meeting on June 8th and assume their respective positions. Keep in mind that every elected position is important in the structure and operations of our local union. There is one Run-Off election for the position of 2nd Vice President being held on June 10th. Please exercise your right to vote in this important election where the winning candidate must win by 50% plus 1 of the total votes cast.

The Indiana Sheriffs Youth Ranch (ISYR) is closing

The ISYR is shutting down for good DUE TO STATE BUDGET CUTS requested by Governor Mike Braun. Per Scott Minier, Executive Director, ISYR was hoping the State of Indiana would renew its Indiana Department of Homeland Security Search & Rescue Training Center lease with a slight increase. This, and other actions, would have allowed ISYR to survive and thrive. Instead, the Braun Administration is pulling out of the existing lease early which was scheduled to run through 2029, a \$48,000 annual loss of operations expense.

The hope of ISYR is to reimburse as much as possible to major donors, like UAW, with the proceeds after all debts are satisfied from the sale. ISYR Executive Director Scott Minier said, “But our most important accomplishment was engaging more than 2,000 K-college Hoosier students each year in our day visits, overnights, weeklong leadership academies and special off-season events.” The ISYR was an academy for kids who hope to be future law enforcement officers, at-risk children, young witnesses and victims of crime. The cuts to the state budget prematurely ended a long-term training and leasing agreement between the Indiana Department of Homeland Security and the Ranch.

Thinking of the number of children that have went through these programs, which we supported by membership action, if it affected just one child’s life and made a difference, then the goal has been achieved. Who knows, they may grow up and be the Governor of this great state in which we live. So, for all the Drama Queens and Haters, remember, good deeds produce positive results.

That being said, Our Union will continue to be involved with community activities where the Community Service and other Standing Committees will keep pushing UAW involvement and awareness. Vetting the organizations and projects that we support and take action on is always reported out to the Membership. It’s important to be involved, read your union newsletters and attend the quarterly Membership Meetings to know what’s going on instead of making unfounded remarks on social media.

In Solidarity,

UAW/Rolls-Royce - Moving Forward

As we have completed the 2025 contract negotiations with great success and recently finished up our local bargaining and executive side elections, I would like to thank our membership for all your support during both processes. Congratulations to all those retaining their elected positions, and those who have ran for new positions and won. I would also like to thank those who ran and did not win. I appreciate your interest in getting involved with our Union. Thank you, Josh Smith and Miesha Thompson, for your years of service as Committeepersons. You have both done your jobs well.

With the contract behind us many employees have adjusted their focus to retirement. Since the beginning of the year 50 plus employees have made the decision to retire. During the length of the 2025 agreement, 550 of the 800 hourly employees will have 30 plus years of service. With that said several employees hired in 1995 and earlier are looking at life after Rolls-Royce. I would personally like to thank all retirees for your years of service and your great contributions to the UAW. We will miss you greatly and remind you that you are always part of our Union family. Should the Company make the decision to hire new employee's the Union will post information on all application processes.

As you may have heard, Rolls-Royce has added four new electric test cells to the Performance campus. This \$400 million investment known as project Riehle will ensure UAW/Rolls-Royce Indianapolis will be a facility that is alive and vibrant for years to come. Also, the Assembly and Test area in the Performance building is transforming. Recently it was determined the Lift Fan and Lift Works facilities in Plainfield, Indiana will be moved to the Performance building. As those changes are currently taking place, the move should be completed by late summer. The new B-52 re-engine assembly floor will now be in the Performance building. Originally this work was slated for the Excellence building even to the extent of a completed assembly floor in Excellence before plans were changed. Add in the new V-280 Blackhawk replacement (1107 variant) and you get a very busy Assembly and Test. It is great to see new product and investment in the facilities here in Indianapolis.

I know you will not receive this Rocket edition prior to Memorial Day but I would like to say thank you to all service members who died fighting for our freedoms. "May we never forget our fallen comrades. Freedom isn't free" -Sgt. Major Bill Paxton.

As politics play a great roll in the world around us it is important we all understand that the differences each of us have, make us who we are. The titles we may or may not have do not define us a human being and certainly not as Americans. As Union members we put a great emphasis on recognizing and respecting each other's rights to live your life. It doesn't mean we all agree and never will but it is important we step back sometimes and understand if we give each other a chance we will all find there are some really great people out there.

The Importance of Organizing with the UAW: A Path Towards “A Better Tomorrow”

The Voice of the Unorganized

While the UAW has effectively represented its current members, the greater challenge is to expand union protections to unorganized individuals for “A Better Tomorrow”. The UAW’s influence covers various sectors including manufacturing, service, gaming, office workers, colleges, universities, state and local government offices and insurance. While prioritizing advocacy for its members, the primary goal is to extend union safeguards to those who are not organized. Workers outside its reach often lack representation, leaving them susceptible to mistreatment and exploitation. Through continued efforts to organize and champion the rights of all workers, regardless of union affiliation, the UAW can significantly contribute to enhancing labor standards and building a brighter future for all.

This article is part 3 of the series that will be published in the Rocket over the next few issues. Next up: Conclusion.

In Solidarity,
Zachary Boyd
Organizing Committee Chair, UAW Local 933/ATI Unit

UAW Local 933 Organizing Committee Mission Statement

“The UAW Local 933 Organizing Committee brings together workers to advocate for fair wages, safe working conditions, and exceptional benefits. We rally to defend workers’ rights and cultivate a robust labor movement dedicated to economic and social equality. Our primary goal is to foster solidarity within our union and expand our Membership to create a brighter tomorrow.”

LOCAL 933/ATI CHAIRMAN

George Freeman III

A TRIUMPH OF COLLECTIVE DETERMINATION

A Proud Salute to Rolls-Royce

John Snow and his dedicated Shop Committee are at the forefront of this struggle. Their unwavering commitment culminated in the successful negotiation and overwhelming ratification of the agreement by the Rolls-Royce Membership. This isn't simply about a contract; it is the manifestation of a deep-rooted unity and determination shared by every individual on the frontline. Behind every meticulous strategy lies the exceptional work of the International Union's Bargaining Strategy Department and the powerful voice of the Communication Department. Their combined efforts have ensured that every message, every victory, resounds far and wide, reaching even those brothers and sisters who stand on the periphery yet remain integral to our collective success.

Celebrating Democratic Engagement

Alongside negotiation triumphs, our membership has also witnessed an inspiring display of democracy at work. The recent General Election stands as a testament to the power of every voice when united in a common goal. The brave souls who sought office have stepped forward, ready to steer our membership through both calm and stormy collaborations. While rumors and politics may occasionally cloud the process, the enduring truth remains clear: leadership born from genuine commitment, courage, and dedication will always prevail. This democratic exercise symbolizes more than just an election. It heralds a vision for the next three years, where united efforts and resolute intentions pave the path to continued progress.

The Road Ahead: Renewed Commitment on the Horizon

Looking forward, we look to the next phase of our journey. With our contract set to expire on November 14, 2027, the persistent spirit of solidarity reassures us that future negotiations will be met with the same resilience and tenacity. This upcoming challenge is not an obstacle but an invitation, a call to build upon our existing victories and to cement a legacy of fairness and respect in the workplace. Every meeting, every negotiation, and every voice raised holds the promise of shaping a future where dignity and rights are non-negotiable pillars of our shared existence.

As we celebrate these inspiring achievements, let us also prepare for the challenges ahead with hope, determination, and the unwavering belief that every effort contributes to the legacy of our successful movement. Our struggle is not just for today but for every tomorrow that promises a fairer, more empowered future for all.

In Solidarity,
George Freeman III
Bargaining Chairman

ATTENTION

933 Membership

From the Desk of Scott Lawson, Financial Secretary-Treasurer....

The dumpsters in the parking lot at the Union Hall are for UAW Local 933 Union Hall business use and its' tenants. These dumpsters are constantly overflowing. Since Rays was bought by Waste Management, the fees for overages alone are an additional \$250.00 per dumpster each pick up. Waste Management charged the Local \$1193.00 for the month of April due to the additional dumping overages by Local 933 Members and residents in and around this area. Unfortunately, due to the illegal dumping at the Union Hall, we have been left with no other choice but to have locks put on the dumpsters.
