## GARY HOLMES

LOCAL 933  
PRESIDENT

2020, what an exhausting year! Don't wear a mask, wear a mask; three feet social distancing, no six feet social distancing, maybe further; don't have meetings, have the meetings, virtual meetings. It's been more like a whirlwind of a rollercoaster ride which has lasted more than just a few weeks as initially thought. This year has become life changing for us all. We have still been able to make many accomplishments during the first year and a half of this administration.

With the Shelter Project still underway, thanks to our Veterans Committee who volunteered their own time to stain the outside of the building. We've also installed 16 new LED lights on all the out buildings. Don't forget to purchase Carwash tickets from Scott Lawson (317-248-6901) so we can move forward on repairing the inside of the shelter house.

Andy Davis, Chairperson of our Education Committee, has been doing a great job along with the Education Committee and the Region 2B Education Department. There has been two Virtual Online Courses held. More training classes will be coming available in 2021. Nothing is more powerful than an organized and education Membership.

I believe there is so much that

can be accomplished with the right opportunities. A vast amount of knowledge and achievements can come from networking and building New Relationships. Some of our committees are doing just that. Our committee chairs and Executive Board visited the Indiana Sheriff's Youth Ranch in Brazil, Indiana; our Veteran's Committee spent the day with the Veteran's Committee at UAW Local 2209; our new Chaplaincy Committee, being the Lighthouse for our Membership, will be focusing on creating Awareness and Random Acts of Kindness.

With 2021 upon us we have tentative dates set for our Standing Committees to progress forward as allowed, given the fact that we are still in the middle of a pandemic. Remember to watch the Union Bulletin Boards and the UAW Local 933 Website for upcoming events and information. Want to get involved? Ask a Committee Member or call the President's Office at the Union Hall.

Being that our Union Hall is located in Wayne Township I would like to give a special shout out to the Medics and Firemen at WTFD Station 81. They respond to emergencies that arise at the Rolls-Royce Plant and our Union Hall. Wayne Township's personnel are

a part of our Disaster Relief Team and they provide us with Certified Training at no cost. Thanks to WTFD for all they do. I asked them for a special firehouse recipe which we have published in this issue of the Rocket. Enjoy! (Anyone wishing to submit a special recipe for our next Rocket Issue, please submit it to the editors via the President's Office.)

As we reflect upon this Holiday Season there are families and individuals who have had a challenging year more than ever. Most of our members here at Local 933 have been fortunate enough to continue working through unsettling times. We have been blessed, be thankful. In whatever way you are able to help these families and children in need to assure them a happy and memorable Christmas, I'm sure it would be greatly appreciated and paid forward at some point in their lives. A smile on their faces and yours goes a long way. Let's remember to be safe and enjoy our holiday time off, which was negotiated in the current Collective Bargaining Agreement, while remembering the Reason for the Season.

On behalf of the Executive Board, we would like to wish you and your family a Merry Christmas and a Safe and Happy New Year.

Fraternally,

Gary Holmes  
President, UAW Local 933

## LOCAL 933/RR CHAIRMAN

### Year in Review 2020

What a year we have had in 2020 and one we will not soon forget. I think Covid-19 has affected every aspect of our lives, despite that, we have gotten through the worst of it and are near a light at the end of the tunnel. So, I've chosen this article to thank those who have contributed so much.

Let me start with our appointed staff in Health and Safety and give them a shout for all their hard work. It is great to see safety issues being resolved quickly and efficiently. That doesn't mean every issue is immediately fixed but we have had great luck in rectifying a majority of the issues. This also includes the Safety Trainers who put a lot of time into making sure our safety updates get completed. Thank you, Gilbert Elliot, Neil Butler, Doug Woodcock, Matt Mann and John Wales for your hard work.

Next up, let me thank our Employee Assistance Program Representative Ron Bevis. I have seen Ron work tirelessly in support of a brother or sister in need of help and even beyond that, to help family members. I am extremely proud to have him as a part of our team and very grateful for all he does on a day-to-day basis. Thank you, Ron.

Our Training Center staff is always helpful. From tuition assistance for our membership, retirees and families, to preparing an auditorium for guests like the military, they are able to make a difference. Classroom scheduling along with a variety of training classes, new hire orientation and printing

information for classes are part of their responsibilities. This is all done with very little overtime and often self-directed to get the job completed. Thank you, Lena Wise, Jeff Black, Jeff Whiteley, Bruce Devine, Ellis Thompson and Tajuana Hill for all you do.

During the 2020 contract negotiations our benefits team worked hard to insure all the benefit changes were made to our membership's advantage. Along with all this, there was a well-coordinated effort for employees desiring retirement, including all the needed information to make a decision. It became difficult to complete all of the employee retirements, contract negotiations and daily business all at the same time. I am very pleased to say it all went off without a hitch. A much appreciated, thank you to Jason Shrout, Tashia Thomas and Frank Sliva.

Chad Clark is our Apprenticeship Coordinator and has helped with our negotiated 25 new MTM apprentices as well as 15 Assembly apprentices. This will be implemented over the life of the agreement. His responsibilities include pre-apprenticeship classes, testing and the interview process as well as monitoring the current apprentices we have. Chad regularly works with the vendor to ensure proper training schedules are completed. Thank you, Chad, it's great to see more people having the opportunity to learn a trade.

Jackie Harney has the task of Quality Coordinator and has helped the Shop Committee in numerous ways. She is often called upon to investigate quality issues throughout the facilities and aid the Shop Committee in resolving quality issues. Again, a thankless job but an appreciated and needed position for our Union. Thank you, Jackie.

The Task force consists of four

people, whose range of duties includes ensuring our trades have the needed supplies to do their job. This also includes tracking the preventative maintenance issues throughout the facilities to limit machinery failures. Thank you to the Task Force: Allen Johnson, Kevin Starms, Paul Cox and Kurt Cauldwell.

Patrick Pratt is our estimator. Patrick oversees quoting for the Toolroom/Model Shop. Patrick has a unique skill set that allows his Cad Cam/programming ability to assist in a more modern approach, paralleling current engineering practices. This skill set helps bring us to the level where we can compete and competitively bid on jobs. Thank you, Patrick for your hard work.

I'd like to thank our elected ranks. I appreciate the team atmosphere you all have displayed while representing our membership. Every single Alternate, Committeeman and Zone man have shown me what a real team can do with hard work. I have never been a part of a group that makes me feel like the Union is moving in the right direction more so than this group. There is a new 5-year agreement in place and new contractual changes being implemented as we move toward our commitment to improve. We have hired close to 70 new hires as we position ourselves for future new work in the facility. Thank you President Gary Holmes and Region 2B Representative Chris McTaggart, more great things are coming.

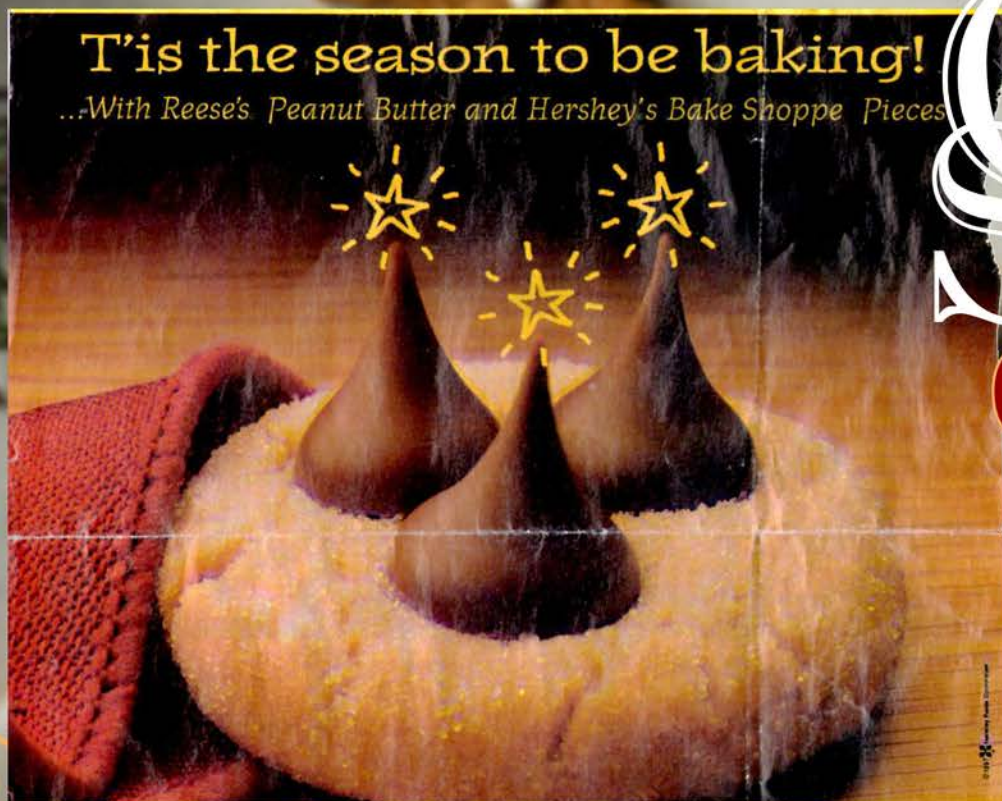

Thank you, Membership, for all you have done in trusting us to be your representation team. Please enjoy a safe holiday season with your families and thank you for all your hard-work. Please pray for our country to heal and our leaders to lead. You all know we can do better so let us be first to set the example.

recipe

## HERSHEY'S MINI KISS™ PEANUT BLOSSOMS

1/2 cup shortening  
3/4 cup REESE'S Creamy  
Peanut Butter  
1/3 cup granulated sugar  
1/3 cup packed light brown  
sugar  
1 egg  
2 tablespoons milk

1 teaspoon vanilla extract  
1 1/2 cups all-purpose flour  
1 teaspoon baking soda  
1/2 teaspoon salt  
Additional granulated sugar  
1 3/4 cups (10-oz. pkg.)  
HERSHEY'S MINI KISSES  
Semi-Sweet or Milk Chocolate

Heat oven to 375°F. In large bowl, beat shortening and peanut butter until well blended. Add 1/3 cup granulated sugar and brown sugar; beat until light and fluffy. Add egg, milk and vanilla; beat well. Stir together flour, baking soda and salt; gradually add to peanut butter mixture, beating until well blended. Shape dough into 1-inch balls. Roll in granulated sugar; place on ungreased cookie sheet. Bake 8 to 10 minutes or until lightly browned. Immediately place 3 MINI KISSES Chocolate on top of each cookie, pressing down slightly. Remove from cookie sheet to wire rack. Cool completely. About 4 dozen cookies.

## LOCAL 933/ATI CHAIRMAN

Ready or not, here come the Holidays! The season brings a time to give thanks for all that we have, to remember those who have bravely served and continue to serve our country, and to celebrate the love and joy the Holidays bring as we spend time with family and friends . It is not only a time to reflect on the year past (and what a year!) and what we have accomplished—as individuals, and as Union Brothers and Sisters—but to look forward to what we can do in 2021.

It is rare that something can affect every single individual on Earth at the same time, but COVID-19 has affected us in ways we could never have imagined. We continue to keep our laid off friends and UAW Brothers

and Sisters in our thoughts, as well as those who have been ill or are taking care of someone who is sick. Many are balancing work (or the search for work) with helping your children get the education they need, all while trying to keep your family safe and healthy. We hope this Holiday Season brings a reminder of the Solidarity we have as a Union and the assurance that we will continue to fight these challenges together and be there in strength for our fellow UAW brothers and sisters.

The political and social climate has also been prevalent in our lives this year, which can and has brought out the best and the worst of our nation. Let us use this Holiday Season to focus on the many freedoms we are afforded and use our voices to spread compassion, affect positive change, and remind others of the beautiful diversity of this country and its people. We remain thankful for our veterans and their unwavering service and sacrifice to uphold these freedoms, freedoms that many around

the world cannot enjoy. America has achieved much in her relatively brief history thanks to the struggles, the sacrifices, the hard work, and the ingenuity of millions of workers and Union members like you.

While this year has been anything but traditional, we hope you find joy and peace in the familiar customs and traditions of the Holiday Season. It may not be as easy this year as it has been in years past as traveling or gathering to celebrate with family may not even be possible for you as you continue to stay safe. However, know that your UAW brothers and sisters remain in Solidarity with you as we recognize and give thanks for all that we have and move forward together into a promising New Year filled with hope for peace, health, and prosperity for all.

On behalf of UAW Local 933 Bargaining Committee, Executive Board, and Appointed Representatives, we would like to wish every UAW Member a Merry Christmas and Happy New Year.

In Solidarity,  
George Freeman III  
Bargaining Chairman

# VETERANS *Cars Show*

Everyone's aware that 2020 has been the year of COVID. That being said, we sadly lost some sponsors this year, but we're happy to announce that we were able to gain new sponsors! To date, we raised **\$13,560.02** for Indy Honor Flight! This was our best year since starting this show, 8 years ago! Thank you to all the sponsors, registrants, volunteers and spectators. Without you, this show wouldn't have been near the success that it was!

**SAVE THE DATE:**  
Next year's show will be on Saturday

Hello Local 933 Members,

This year has brought some new challenges, and like many, we have had to adapt. Through the efforts of our Membership, with the support of our Leadership, we have been successful in providing support throughout Our Union.

2020 saw the unveiling of the Region 2B Online Academy. Locally, we were able to host a UAW 101 Workshop on October 20th. We were able to format a Core Curriculum for all our members, which will strengthen our foundation moving forward.

Thank you for your continued support.

## **FIREHOUSE SALSA RECIPE**

**Get a large pot to put in!!!**

### **Ingredients:**

**10-15 large red tomatoes. Hothouse or beefsteak work best chopped or ground up in food processor**

**3-5 large bell peppers. Use whatever colors you like for taste— red yellow orange green etc. Chopped-seeds and tops removed**

**1-2 large onions peeled and chopped. Red or white is best**

**4-5 tablespoons table salt**

**2-4 tablespoons black pepper**

**1 can tomato paste—helps thicken it up so it’s NOT so runny**

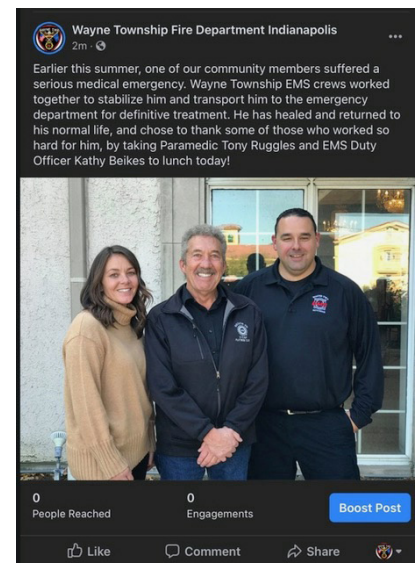

**1-2 bunches cilantro chopped-stems removed**

**2 large limes**

Use a food processor or utensil tools to cut and chop up tomatoes, peppers and onions together in pot. Add tomato paste to help thicken up. Add salt and pepper. Squeeze limes to get all juice out of them, Zest limes into pot to get some lime skin/zest in pot (adds flavor and acidity). Add chopped cilantro without stems. Stir thoroughly and Low simmer on stove for 15 minutes to help reduce and do not let simmer for more than 15 minutes.

\*\*\*Chill to thicken more at least 2 hours. Then serve with chips, food, etc.

**Here’s my famous salsa recipe for you, Enjoy!**

## RETIREE CHAIRMAN

Pandemic, pandemic, pandemic! No matter how many times I say it, it does not go away. When will it go away or disappear as some think? The first thing you may ask is when will things get better? Things will get better when you decide they are. What does that mean? I feel it means that we are not in control of the events, but we can control our reaction to events.

As I write this article, Covid-19 continues to spread and in alarming numbers across the country. Our Chapter has not had a meeting since March and here it is December. Our International offices remain closed.

Our Regional offices remain closed and our Local had its first meeting in September. Information is slim to none and I find it exceedingly difficult to share any news. I will report on what I know for the time being and trust things are as well as they can be.

The Trust, our health care, is in good shape and no changes that I am aware of. You will receive tons of information in the mail but truly little of it will apply to you. My suggestion is to let things stay as they are and if changes are necessary please seek advice from your doctor. The Trust will also guide you when needed.

We have a new director, Wayne Blanchard. Wayne is a native of Toledo, Ohio. Wayne served in the United States Army. He has served in many positions within the Region. He was appointed assistance director

in June 2017. You can always go to the Region 2B website and read his extensive resume.

The Chapter is planning a drive-thru health fair October 29. We will respect the virus and practice all safety rules to insure no super spreader events. I will report more on the success of this event in the next addition of the Rocket.

It is doubtful that we will meet in November and December is in the air at this time. I would love to have a Christmas party but the health of all our retirees is the upmost responsibility.

If we are unable to meet until 2021, I am sure I speak for the entire Executive Board in wishing everyone a Very Merry Christmas and let us hope the New Year is better than the last few months. Let's stay positive and hope our political environment finds the peace and joy that the holidays bring. MERRY CHRISTMAS AND A HAPPY NEW YEAR..

In Solidarity,

## Consumer Helpful Resources and Tips

How can you be “Jolly” when someone is always trying to “STEAL”, your “Joy”?

Here are just a few helpful resources and tips that might be useful during the upcoming Holiday Shopping Season for 2020.

The holidays are a time for family, friends and gatherings and more. Many of us look forward to these gatherings and spending some quality time with the people we love and who matters the most to us. Then there are those who are out to ruin a time of happiness and cheers. The “Scammers and Imposters” seeking to steal your “Joy” when our guards are down.

Here are just a few tips that might be helpful when making your purchases:

1. Watch your wallets and billfolds and shop wisely. When shopping, do your research and find out about the product, who is the seller and does a warranty come with the product. This can be helpful to you in making sure you are purchasing from a trustful source.
2. When shopping online be sure to shop on a secure website that has an “https” address.
3. When looking for the best deals online or in the local retail shops or stores compare prices against online and your local retail shops or stores.
4. Make sure your packages are delivered to a secure locator or pick them up at the retail store.
5. Gift Cards are the most convenient and very popular during the holiday season. Never buy a “Gift Card” from an online auction site, they could be stolen or counterfeit. Be sure to check the protective stickers have not been removed or the codes on the back of the card have not been scratched off showing the PIN number.
6. Always report any cards that may be tampered to the store or shop where they are SOLD.
7. Beware of “Imposters” who try to “Scam” you by stating that one of your family members is in need of an “Emergency”, they will ask you to buy a popular gift cards like “iTunes, Google Play or Amazon.
8. These Imposters or Scammers may even tell you where to buy these types of Gift Cards Walmart, Target, Walgreens, or CVS these imposters and scammers have been known to have people buy multiple cards. Nevertheless it is a “Scam” and feel free to contact your Attorney General, BBB (Better Business Bureau) or FTC (Federal Trade Commission) or [ftc.gov/complaint](http://ftc.gov/complaint) or call toll free: 1-877-FTC-HELP and visit [naag.org](http://naag.org).  
Again, if for additional information regarding the above mentioned topics visit the websites listed above.

Happy Holidays,
